

## **Kathy Haney**

---

I would like to nominate Kathy Haney for position as a Director Member of the NAFA Board. Kathy currently serves as a Director, and is willing to serve another term. I believe Kathy has been very effective in understanding the issues facing Flyball and NAFA, and insightful in defining effective steps to enhance our sport. When I have needed help on researching an issue, she has given me prompt and accurate information. I respect the leadership and hard work she provides our organization.
