

Meagan Langs

Alexander Le

To:nominees@flyball.org

I would like to nominate Meagan Langs from Region 6 to the NAFA Board.

Meagan is a long time flyball participant who has traversed several different clubs and is currently the Region 6 RD. She constantly looks for ways to improve NAFA and is a meaningful advocate for competition and modern training within the flyball community. Meagan is versed in both the rules of the game and innovative approaches to dealing with issues during tournaments to reflect the views of various teams. She is a constant champion for safe, updated flyball training, always looking for innovation to improve flyball within her region and takes an active role in learning and growing with flyball trends as we progress the game to create a safe competitive environment for all. She currently captains a competitive team within Region 6 and is a stable presence at both Region 6 and Region 16 tournaments.

Meagan would make a positive addition to the BOD. She can provide the much needed transparency and innovation that will propel NAFA into the next century to reflect all flyball participants and encourage the needed approaches to recruiting new flyballers to join the most amazing dog sport.
