NAFA® is a registered trademark of NAFA, Inc.

Flyball got its start in the 1970's when Californian Herbert Wagner developed the first tennis ball launcher. Subsequently, the new sport for dog enthusiasts was introduced in the Toronto - Detroit area by several dog training clubs. After a few small tournaments were held in conjunction with dog shows, the first ever Flyball tournament was held in 1983.

Flyball races match two teams of four dogs each, racing side-by-side over a 51 foot long course. Each dog must run in relay fashion down the jumps, trigger a Flyball box, releasing the ball, retrieve the ball, and return over the jumps. The next dog is released to run the course but can't cross the start/finish line until the previous dog has returned over all 4 jumps and reached the start/finish line. The first team to have all 4 dogs finish the course without error wins the heat.

To standardize the rules, keep records of tournaments, and guide the development of Flyball racing, the North American Flyball Association, Inc.(NAFA®) was formed in 1985 by a group representing 12 teams from Michigan and Ontario. Interest and participation in Flyball has soared since its beginning and is now enjoyed throughout North America, Europe, Australia, and other countries. NAFA has over 700 registered clubs with more than 16,000 registered dogs.

Flyball races offer fast paced action with plenty of excitement for dogs, handlers, and especially spectators. Many teams run all 4 dogs through the course in less than 20 seconds. The NAFA record is now under 16.0 seconds. NAFA tournaments are divided into divisions so that teams compete against other teams of equal abilities. All dogs including mixed breeds are eligible to compete and earn titles in NAFA sanctioned tournaments. Titles are earned via a point system based on the time it takes a dog's team to complete each heat race.

The ensuing Rules and Policies consists of Rules of Racing, Corporate Policies and Procedures, and By-law's for Flyball racing, along with the policies governing NAFA and participation in NAFA sanctioned Tournaments.

RULES OF RACING

CHAPTER 1 - EQUIPMENT

Section 1.1 - Flyball Boxes

- (a) Each team shall supply a Flyball box.
- (b) All boxes are to have a mechanical (not electrical) mechanism.
- (c) The boxes may be painted or decorated as the team wishes.
- (d) The ball, when released, must have a free unobstructed flight of not less than 24 inches from the point that the ball is released, in the direction of the start/finish line from all holes.
- (e) Boxes:
 - (i) Shall not exceed 24 inches in width, nor 18 inches in height from the bottom surface of the box excluding mat grabbing devices/materials and outdoor staking devices;
 - (ii) The body of the box shall not exceed 30 inches in depth;
 - (iii) The base of the box upon which the boxloader stands may exceed 30 inches in depth;
 - (iv) Mat grabbing devices/materials shall not raise the box by more than one half inch;
 - (v) The box shall not exceed these dimensions at any time during racing (including any permanent attachments to the box, i.e. carrying handles, cocking devices).

Section 1.2 - Balls

Each club shall have a supply of unpunctured approved balls (any color). Subject to the size and comfort of the dog, racket balls, or approved balls may be used. Approved balls must function like a tennis ball, i.e., they must bounce and roll.

Section 1.3 - Collars

Competitors are forbidden to use electronic, electronic dummy collars, and pinch/prong collars on the tournament grounds. The tournament grounds include racing lanes, spectator areas, and the crating area. Halters, including "haltees", will not be allowed in the racing ring. Flat collars, slip collars and harnesses are the only accepted type of collar. It is noted that it is impossible to control spectators with prong collars or other unapproved devices on their dogs who are not part of the tournament.

CHAPTER 2 - RING SET-UP

Section 2.1 - Footing

The host club shall provide adequate non-slip footing on the racing lane, at the box, and at the start.

Section 2.2 - Barriers

The host club shall provide a barrier/backstop at the box end of the run, placed as to prevent missed balls from rolling too far but placed as not to prevent proper observation by the judge or to obscure the spectators' view. A barrier (minimum 24" high) shall extend between the boxes, up to 2 feet in front of the box placement line, and a minimum of 5 feet behind the box placement line to minimize interference.

Section 2.3 - Jumps

(a) The host club shall provide two sets of regulation Flyball jumps for the duration of the tournament.

(i) The jumps shall be white except for the uprights, which may be any color. The jumps shall have an inside width of 24 inches, with uprights not more than 36 inches high nor less than 24 inches high. Logos and/or lettering on the cross-boards will be permitted but must be located between 2 inches and 6 inches high and 2 inches inside of each upright.

(ii) NAFA® requires all 1" and 2" jump boards be no thicker than 1/2" plywood, sintra, or similar approved material.

(iii) NAFA® requires that a 1" board be the topmost board for all jump heights.

(iv) Jump slats made of any material that are broken or bent must be removed from competition.

(v) Jumps shall be within 1/4" in tolerance for height.

(b) There shall be a distance of six feet from the start/finish line to the first jump; ten (10) feet between each jump (four total), and 15 feet from the last jump to the box placement line.

Section 2.4 - Ring Layout

(a) The minimum area required for two regulation lanes is approximately 30 feet by 90 feet. There shall be two racing lanes set a minimum of 12 feet from center to center and a maximum of 17 feet center to center. In cases of racing lanes being placed on hard surfaces or carpet (such as indoor/outdoor carpet where rug burns are possible), each racing lane shall be matted at a minimum 4.5 feet on either side of the racing lane center line for the length of the racing lane leading up to the first jump and an area from the last jump to the backstops. Where sod, dirt, grass or similar surfaces are available, matting shall not be required. All racing surfaces must be free of apparent contaminants. The length of the racing lane shall include an area not less than 29 feet leading up to the start/finish line and an area behind the box and in front of the backstops to a minimum of 5 feet and that the backstops may protrude up to 2 feet in front of the box line.

CHAPTER 3 - TEAMS AND TIMESHEETS

(a) A Competition Registration Number (CRN) must be obtained from NAFA® (use NAFA® Form C.8) prior to competing in a NAFA® sanctioned tournament. This number shall be used to identify the dog throughout its racing career. The fee for a CRN is \$15.00 in US currency or equivalent. The CRN is not transferable to another dog. The CRN shall indicate the breed of the dog. A dog's breed designation may be changed once in the lifetime of the dog.

(b) Any dog listed on a timesheet in a NAFA® sanctioned tournament without a valid CRN will result in forfeiture of tournament placement for the team as well as forfeiture of all NAFA® points earned during the tournament for all dogs entered on the timesheet.

(c) Each team is to consist of a minimum of four dogs and four handlers, with a maximum of six dogs and six handlers, plus a box loader and at the discretion of the team, a runner or two, to pick up loose tennis balls, to set up knocked down jumps, or to otherwise assist the team, provided doing so does not interfere with the judges or the opposing team and does not in any way assist the dogs or violate the rules.

(d) Each team is to have four dogs running in each heat, with a maximum of two alternates as standbys. The alternate(s) may be used at the team's discretion. Substitutions may only be made at the end of each heat. Each dog on the team including the alternates must be declared prior to the 1st race of the division. Once the division has begun, there will be no substituting of the dogs entered on the team.

(e) Dogs may not compete in more than one class at a NAFA® sanctioned tournament except:

- (i) When the tournament's regular class is unlimited; or
- (ii) When all entries received for a tournament's limited entry regular class are accepted.

(f) The current time sheet (NAFA® Form C.2) shall be used.

(g) A Club must have a NAFA® Club Number to enter a NAFA® sanctioned event. If a Club Number has not been obtained prior to the closing date of the tournament in which the Club has entered, the teams entered by the Club will forfeit all NAFA® Points and tournament placements.

CHAPTER 4 - MEASURING

(a) At the discretion of the team, dogs jumping less than 16 inches may be measured by the measuring Judge officiating at the tournament during times designated by the host club. A dog must be entered in the tournament in order to have its height recorded on either the tournament Jump Heights (Form C.9) or a Height Card Application (Form C.10).

(b) If the head judge determines that a team is not jumping at least the minimum height in a round robin format, the team shall forfeit any heats won at the improper jump height.

(i) In the case of an elimination format, the team shall be excused.

(c) The head judge may at any time measure a dog.

(d) Once the dog is measured, the judge is under no obligation to re-measure the same dog.

(e) If a dog is re-measured and the measuring Judge determines he has made a mistake, the team shall in no way be penalized. However, the team will be required to jump the proper height for any remaining heats.

(f) Any protest with respect to a dog's jump height must be verbalized to the Tournament Director and/or the Regional Director within 30 minutes of the heat in question by the Captain of a competing team in that division or combined division.

(g) Measurements are to be open to public observation.

(h) Only one (1) handler per dog shall be allowed in the measuring area.

(i) Aggression during measurement will not be tolerated and **Rule 8.4** (Aggressive Dogs) will be observed.

(j) A dog deemed to be “NOT MEASURABLE” by the measuring Judge will jump 16” hurdles.

(k) Height measurements are to be recorded and signed by the measuring Judge. A copy of the NAFA® Jump Height Form (Form C.9) must be posted for view by the tournament participants. In cases where multiple judges are measuring, once a dog’s height has been measured and recorded by either judge on the Jump Height Form, that shall be the dog’s official jump height for that tournament, regardless of which ring the dog may run in.

(l) The measurement area will be determined by the measuring Judge. The Judge shall select an appropriate measuring surface. Prior to measuring the first dog, and any time it is moved, the measuring device shall be calibrated to ensure accuracy. If the Judge determines that an appropriate measuring surface or that a NAFA® approved measuring device is not available, measuring shall be for the tournament only and not for an NAFA® Height Card Application (Form C-10).

Illustration 4.I - Dog standing properly to be measured.

NAFA Flyball Measuring Stance

Dogs standing properly to be measured. Hocks are perpendicular to ground regardless of length of stifle.

(m) The dog's height shall be measured from the ground to the top of withers with the dog standing in an upright position as indicated by Illustration 4.I. The handler may steady the dog if necessary, but shall not physically support the dog during the measuring process. The front legs will be vertical with the paws directly below the shoulders. The back legs will be positioned with the hocks perpendicular to the ground and spread no wider than the width of the dog. The dog's entire head is to be in an upright position above the level of the

withers as shown in Illustration 4.I. The dog may be measured up to 3 times. The height measurement shall go to the lowest height for the benefit of the dog.

(n) Height Cards are to be optional. Refer to NAFA® Corporate Policies & Procedures, Chapter 7, Section 7.1 for details on height cards.

CHAPTER 5 - JUDGES

(a) Five judges shall officiate when two teams are running.

(b) One judge shall be positioned at each team's starting line, facing each other; one judge is to be located at the box end in each lane, with a good view of the box loader, but not positioned so as to interfere with or distract the dog; and a fifth judge, the Head Judge, shall act as starter and referee.

(c) The Box Judges and Line Judges shall remain stationary during each heat; dogs may go around judges and balls bouncing off of a judge shall be deemed in play. The principal responsibility of each Box Judge and each Line Judge is to watch for violations in the racing lane that they are assigned.

(d) The Head Judge (starter and referee) shall be positioned between the racing lanes in the area between the start/finish line and the lead dogs to start the heat. If necessary, the Head Judge (starter and referee) should be in position to assist the Line Judges in determining winners of close heats¹. The Head Judge may confer with the Line Judges and the Box Judges before determining a winner. If necessary, a Head Judge shall reposition themselves in such a manner as not to interfere with competing teams. The Head Judge shall maintain a consistent starting cadence of approximately one (1) second intervals throughout the tournament¹.

(e) Judges shall indicate with a signal, which dogs must rerun. It's the handler's responsibility to note the signal and rerun their dog. If it is necessary to stop a heat, the judge shall use a whistle.

(f) The Head Judge shall stop the heat for interference, fouling in the racing ring, or undue aggression by dog or competitor and award that heat to the competing team.

¹ Without Electronic Judging System

(g) Line judges shall

- (i) record which dogs participate in every heat and record win/loss using the NAFA® Time Sheet(NAFA® Form C.2);
- (ii) indicate with a signal when an infraction has occurred.

CHAPTER 6 - REPORTING FOR RACES

(a) If a team is more than five minutes late for the scheduled start of a race, all else being in readiness, the Head Judge may declare a forfeit by that team. This is a discretionary rule, since its main purpose is to avoid undue delays at the tournament for spectators and competitors alike.

(b) Teams that win by forfeit must complete the minimum required heats scheduled to qualify for points awarded in round-robin or to advance in double elimination competition. If another team is not available to compete, the team shall race without an opponent.

(c) Forfeiting teams that do not show just cause may be excused from the tournament by the tournament director and may be subject to further discipline. Forfeiting teams may not run any dogs in the heats that are forfeited. If a team forfeits a heat and then subsequently runs a dog(s) in violation of this rule, they will automatically be considered as Exhibition Only (FEO).

(d) If a team has to forfeit when its "A" and "B" teams are in the same race, the faster team must run and the slower team must forfeit.

(e) Once a team declares itself Exhibition Only, the team cannot return to regular competition. From that point on, the team can no longer obtain NAFA® points or tournament points. F.E.O. teams may not run if the opposing team raises an objection with the judge. Once teams declare themselves Exhibition Only, they are ineligible for placement and shall be placed in the lowest seed of any eliminations. A club cannot enter a team into a NAFA® sanctioned event for Exhibition Only. A team running for exhibition only is subject to all the rules of competition with the exception of the following:

- (i) 3 or 4 dogs may be run in a heat;
- (ii) false starts are not in effect;
- (iii) any jump height from 8" to 16" is allowed at the discretion of the team;
- (iv) less than four breeds may be run in multi-breed classes;
- (v) in the event a dog receives a flag, it may complete its run but not rerun; and
- (vi) the judge may excuse the team from the race for failure to comply with these conditions or other NAFA® rules.

CHAPTER 7 - WARM-UPS

(a) There shall be a designated time period for warm-ups.

(b) There shall be no practice or training in the ring for the duration of the tournament, except for the warm-up as permitted prior to each race. Training in the ring during the competition will mean a forfeit of the heat.

(c) When a team is delayed by a ring conflict, warm-ups shall not begin until both teams are present in the ring. Teams already present and waiting may set their jumps and place their box.

(d) Only dogs listed on the team's timesheet are allowed to warm up. Each dog must have a valid CRN and be eligible to compete. Any dog(s) that warm up in violation of this rule will cause the forfeiture of all NAFA® points earned during the tournament for all dogs on the timesheet. The team with the dog that violated this rule will also forfeit any tournament placement.

CHAPTER 8 - RULES OF RACING

Section 8.1 - Tournament Seeding/Break-out Rule

Tournaments will be seeded by the times submitted with the team's entry. After the closing date, the tournament director will divide the entered teams into divisions. Each division's break-out time will be one (1) second faster than the top team's seed time. Except in Division 1, a team running more than one (1) second faster than the top team's seed time will "break-out" of the division, will be declared the loser of the heat, and will not be awarded NAFA® Points. If the Electronic Judging System fails, this rule does not apply.

NOTE: Tournament time sheets should be marked BO, show no time, and indicate a loss.

(i) A team that breaks out three (3) times in a tournament is ineligible for any tournament placement. NAFA® points are still awarded for non break-out times;

(ii) In the event both teams in a heat break-out, both teams will be awarded a loss and no NAFA® points awarded;

(iii) When one team breaks out and the other team does not finish its heat, both teams will be awarded a loss;

(iv) When the timing table misses calling breakouts and the race has ended, the breakout wins are to be converted to losses. If the converted losses leave the race undecided, additional heats will be run to complete the race;

(v) In elimination rounds, where seeding is determined by Round Robin, a team ineligible for placement shall be seeded last;

(vi) In elimination round heats, where a team ineligible for placement competes against a team eligible for placement, the ineligible team shall be awarded a loss.

Section 8.2 - Jump Heights

(a) Except as provided in paragraph 8.2(c) below, jump heights shall be set at a minimum of four inches lower than the height at the withers of the smallest dog on the team (running, not stand-by), to a minimum of 8 inches. Maximum jump height shall be 16 inches;

(b) Jump heights shall be adjusted in one inch increments, to the lowest whole number (14 and 3/4 inches becomes 14 inches).

(c) In the Veteran's Class, jump heights shall be set at the minimum height stated in paragraph 8.2(a) without regard to the height of the dogs racing.

Section 8.3 - The Heat

(a) The Run. Dogs may start from a stationary or running start. Each dog is to hurdle the four jumps in succession, trigger the box, and return over all four jumps and the start/finish line with the ball in its mouth. Only when the first dog has reached the start/finish line with any part of its body (on the ground or in the air) may the second dog reach the start/finish line with any part of its body (generally this is a nose to nose pass at the start/finish line), and so on for all four dogs as well as dogs that must run again.

(b) False starts. Except in the Veteran's Class:

(i) When any part of the dog's body, whether in the air or on the ground, or any part of the handler's body or their objects passes the start/finish line before the timing of the race begins, an infraction will be called by the line judge and the head judge and the heat will be rerun;

(ii) If a second such infraction is called against the same team for that heat, an infraction will be indicated and the dog must run again;

(iii) If a second false start is called coincident with the opposing team's first false start, the heat is to be rerun.

In the Veteran's class, heats will not be restarted for false starts but shall continue, with the dog that committed the false start being required to rerun for the team to complete the heat.

(c) Box Malfunction. The box loader shall indicate to the Head Judge when there is a box malfunction. The heat shall be stopped. The Head Judge is to examine the box. If, in the opinion of the Head Judge, the box has malfunctioned the heat shall be run again. If the box is found to be working, then the heat shall be forfeited. If another box is not available and the box can not be repaired in a reasonable time, the heat and any remaining heats are to be forfeited. If the box malfunctions a second time (or the spare box malfunctions) in the same race, the heat shall be forfeited and all remaining heats in that race shall be forfeited.

(d) Fouling. If a dog urinates or defecates in the racing ring during a heat, the judge will stop that heat and award that heat to the opposing team assigning them an estimated time. If a dog urinates or defecates in the racing ring at any time prior to the first heat or between heats, the judge will award the next heat to the opposing team, assigning an estimated time to that team. The time will be marked as estimated and will not be used to determine placement.

(e) Conduct of the box loader. Except during the warm up, to retrieve a loose ball, or to get a fresh supply of balls to load for the current heat, the box loader must remain in the upright position behind the box, and may offer verbal encouragement only, as long as such encouragement does not distract the opposing team. As a courtesy to opposing teams, the box loader is to remain in position until the outcome of the heat is determined by the Head

Judge. If, in the judge's opinion, a box loader has violated any of these rules, their team may forfeit the heat.

(f) Inside Interference. If a dog or any team member interferes with the opposing team during a heat, the team causing the interference will forfeit the heat. This includes interference in the racing lane, in all in bound areas, and in the area where dogs are waiting to run. Interference is defined as impeding the other team's dog from running its race. A dog chasing a loose ball into the other team's area is not necessarily interference. In the event of interference, the judge will assign an estimated time to the team that was interfered with. The time will be marked as estimated and will not be used to determine placement.

(g) Distractions. Team members shall not distract the opposing team by any means, nor throw any object for their dogs (i.e. balls, toys, Frisbees, dummies, gloves, or treats). Team members are required to pick up any loose balls. The first offense of these infractions shall receive a warning; a second offense and any offense thereafter during the race will result in the loss of the heat.

(h) Safety Hazards/Outside Interference. If, in the opinion of the head judge, a safety hazard exists during the running of the heat, the heat shall be stopped and restarted. Lineups may be changed without penalty.

(i) Flags. Dogs that receive a flag must be rerun after the initial four dogs in the order they were flagged. Racing infractions requiring the rerunning of a dog include:

- (i) Early passes will be indicated by the EJS and the Line Judge and/or the head judge. When running without an EJS system, the line judge will indicate an infraction;
- (ii) Missed jumps;
- (iii) Not carrying the ball over each jump in succession;
- (iv) Does not trigger the box;
- (v) Dog takes the ball from the cup without first triggering the box;
- (vi) Does not carry the ball over the start/finish line;
- (vii) Inappropriately assisted by the boxloader, spectator or handler;
- (viii) A handler or their object crosses the start/finish line during the dog's run (with the exception of resetting knocked down jump(s) or retrieving loose ball(s)).

(j) Knocked down jumps. A team whose dog(s) knocks down a jump(s) during its run shall not be penalized, provided all dog(s) clear the jump(s) as if it were standing. A "runner" or handler may set up knocked down jump(s) if so doing does not interfere with either team or guide the dog in any way.

(k) Intervention. Should the ball bounce back in the cup as the dog tries to catch it, the box loader may re-set the box for the dog to trigger it (without penalty). This is the only time at which the box loader is permitted to signal a dog to push the pedal.

(l) The finish. The first team to have all four dogs successfully complete a run wins the heat. The finish shall be when the last of the four dogs reaches the finish line with any part of its body.

(m) Winner. Determining the winner of a heat:

(i) When a heat is judged using the Electronic Judging System, the winner of close heats shall be determined based on the Electronic Judging System times. When the times are within .003 of a second (for example, a time of 21.798 versus 21.801) the Head Judge shall declare the race to be a tie;

(ii) When a heat is judged to be a tie with manual judging (in the absence or failure of the Electronic Judging System), the head and line judge's decision as to the winner of the heat must be unanimous and shall be based on their visual view of the finish line, not on the clocks. If the Line Judges are not in agreement, the Head Judge shall consult with the Line Judges and either declare a winner or declare the heat to be a tie.

Section 8.4 - Aggressive Dogs

If a dog shows undue aggression toward another dog or handler at any time during the competition, the Head Judge may excuse the dog from competing. The degree of aggression that warrants excuse is to be determined by the Head Judge.

Section 8.5 - Condition of Dogs

(a) Wrap on a dog's legs may be used. The Head Judge has the right to inspect any dog at any time during the tournament.

(b) If in the opinion of the Head Judge, a dog is lame, in season, recovering from surgery, or for any related reason should not compete, the same shall be excused from competition.

Section 8.6 - Race Results

Host clubs must post race results (heat times and wins/losses) for competitors, as soon as possible, following the running of each race.

GLOSSARY

(e) The Rules of Racing and Corporate Policies & Procedures are a basic guide. They should not be considered a manual containing explicit direction for every possible situation. sport, the participants, the spectators, a sense of responsibility to the sport and as a representative of NAFA.

(vii) Prospective judges for Supervisory status may be proposed to the Board of Directors in writing by any Board member, judge, or participant in official NAFA® events. Such proposals must be accompanied by the signatures of at least 5 different tournament directors the applicant has judged for, two fellow NAFA® approved judges, and the Regional Director for the applicant's home region.

(viii) It is understood that the meeting of all of the necessary criteria for Supervisory status does not mean an automatic approval by the Board of Directors. It is not the intention of the Board to appoint great numbers of Supervisory Judges in any area.

(ix) The Board of Directors reserves the right to revoke Supervisory status at any time for just cause.

(x) If a Supervising Judge fails to maintain his/her regular judging status, Supervising Judge status is revoked and must be reapplied for.

NAFA will not sanction a tournament at a site that excludes dogs on the basis of breed unless the exclusion is mandated by governmental law or ordinance and the host club has attempted and been unable to qualify for an exemption to governmental exclusions. A host club shall inform NAFA of any such laws or ordinances when sanctioning is requested. It is the host club's responsibility to keep the sanctioning request current on all legislation and ordinances that affect the tournament. The host club shall finalize all such event limitations 60 days prior to the event closing.

(e) Applications for sanctioning of tournaments must be received by NAFA® at least sixty (60) days prior to the closing date.

Teams will be randomly drawn from the first round, then the second round, etc., until the class is filled. The host Club (the Club that applied for sanctioning) will be the first team to be drawn during the first round (guaranteed one entry). Co-host Clubs are not guaranteed an entry. The remaining teams will also be drawn and given an alternate number, starting with alternate one until all rounds are drawn from and every team either is in the class or is given an alternate number. - (iii) Scoring – how wins and placements are determined; and how tie scores would be broken.

Section 6.4 - Seeding

(a) Tournaments will be seeded by the times submitted with the team's entry. After the closing date, the tournament director will divide the entered teams into divisions. Each division's break-out time will be one (1) second faster than the top team's seed time. Except in Division 1, a team running more than one (1) second faster than the top team's seed time will "break-out" of the division, be declared the loser of the heat, and will not be awarded NAFA® Points. (c) Once a height card has been issued, additional cards for the same dog may not be applied for. Lost height cards can be replaced with an identical card for \$5.00 US Funds.

Section 7.2 – Record Times

(a) To verify a new NAFA® World record time the judge must verify the following using NAFA® form C.13: Race lane length, jump placement, box throw, jump heights, and height dog measurement.

(b) Video recorded record breaking times shall be reviewed by a minimum of two neutral members of the Board of Directors. The video must be set on the starting line. The Head Judge must also verify the measurements of the lane, the height dog, and the Flyball box. Only video recorded record breaking times can be verified by the Board of Directors. Record breaking times not recorded on video in the described manner will not be recognized as a NAFA® record.

Section 7.3 – Racing Year

| NAFA's racing year is October 1st through September 30th.

Section 7.4 – Meaningless Heats

Heats that are meaningless to the outcome of a sanctioned tournament are not to be run just for the sake of allowing teams to accumulate more points toward flyball titles.

Section 7.5 – Changing Clubs

If a dog has earned points with a NAFA® Club in a NAFA® sanctioned tournament, the dog may not be listed on a timesheet with a different NAFA® Club for a period of 90 days. The 90 day wait period shall begin the day after the end date of the last day of a tournament in which the dog earned NAFA® points. The dog will be eligible to be listed on a timesheet with a different club in a class of competition that starts the day after the 90 day waiting period. A dog must be eligible to race at the beginning of a class of competition to be included on the time sheet. Any dog(s) listed in violation of this rule will cause the forfeiture of all NAFA® points earned during the tournament for all dogs on the timesheet. The team with the dog violating this rule will also forfeit any tournament placement.

CHAPTER 8 – AWARDS

Section 8.1 - Points

Each time a team races in a NAFA® sanctioned Flyball tournament with a recorded time under 24 seconds, each dog racing in that heat will receive 25 points toward a Flyball title; under 28 seconds each dog racing in that heat will receive 5 points; under 32 seconds each dog racing in that heat will receive 1 point; provided that a NAFA® judge is present and at least four teams compete. Each of the four teams must actually compete. All four teams may be from the same club provided each team registered with NAFA® was given an equal opportunity to enter, but chose not to.

Section 8.2 - Titles

(a) NAFA® will award a certificate of achievement and the title Flyball Dog (FD) to any dog receiving 20 points.

(b) NAFA® will award a certificate of achievement and the title Flyball Dog Excellent (FDX) to any dog receiving 100 points.

(c) NAFA® will award a certificate of achievement and the title Flyball Dog Champion (FDCh) to any dog receiving 500 points.

(d) NAFA® will award a certificate of achievement and the title Flyball Dog Champion-Silver (FDCh-S) to any dog receiving 1,000 points.

(g) NAFA® will award a certificate of achievement, a commemorative pin and the title Flyball Master Excellent (FMX) for any dog receiving 10,000 points.

(h) NAFA® will award a certificate of achievement, a commemorative pin and the title Flyball Master Champion (FMCh) for any dog receiving 15,000 points.

(i) NAFA® will award a commemorative pin, plaque and the title "Onyx", named after its first recipient, for any dog receiving 20,000 points.

(j) NAFA® will award a commemorative pin, plaque and the title Flyball Grand Champion (FGDCh) for any dog receiving 30,000 points.

(k) NAFA will award a commemorative pin and plaque for any dog receiving 40,000 points.

(l) NAFA will award a commemorative pin and plate for the 40K plaque at each 10,000 increment from 50,000 through 90,000 points.

(m) NAFA® will award a commemorative pin, plaque and the title "Hobbes Award" named after its first recipient, for any dog receiving 100,000 points.

Section 8.3 - Regional Champions

(a) At the end of each racing year, NAFA will name Regional Champions in the Regular and Multi-Breed Classes for each region and commemorate this achievement by awarding a plaque. Regional Champions are determined by points earned by a Club during the racing year and, in appropriate cases, by the tie-break formula set out below.

(b) A Club that is not in good standing at any time during the racing year is not eligible to be named Regional Champion.

(c) All points and tie-break times for Regional Championships must be earned in the Club's home region, i.e., an "in-region" team. A Club's home region, absent a written request for change, is the place of residence of the Club owner shown on NAFA Form C.11. A Club may change regional affiliation by written request to NAFA. Requests to change regional affiliation must be received before the start of the racing year to take effect that year.

(d) Points towards Regional Championships accrue to a Club. Only one team from each Club will qualify for Regional Championship points in the same Class at a tournament (i.e., clubs fielding more than one team in a Class may not count points accumulated from both teams in that Class towards the Regional Championship). A Club fielding teams in both the Regular and Multi-Breed Classes of competition may, however, accumulate points in each separate Class.

(e) A Club must compete in a minimum of four tournaments in separate tournament weeks within its home region in the Class for which the Regional Championship is awarded. Classes must meet the following criteria to qualify for points and/or tie-breaking times to count toward Regional Championships:

- (i) Classes must have a minimum of four teams competing;
- (ii) Regular Classes limited below 20 teams that fill will not count towards Regional Championship points or tie-break times;
- (iii) Multi-breed Classes limited below 12 teams that fill will not count towards Regional Championship points or tie-break times; and
- (iv) In a limited entry Class of competition, if any entering Club is excluded during a lottery draw, the Class of competition will not count towards Regional Championship points or tie-break times.

(f) Points towards Regional Championships are awarded based on overall placements of in-region teams in an event based on the following point structure, to maximum of 30 points:

Top Finishing Regional Team	3 points
2 nd Place Regional Team	2 points
3 rd Place Regional Team	1 point

As noted in paragraph 8.3(d) above, points are awarded to a Club and not its teams. Thus, if a Club finishes first and second in an event run in its home region, regional points are awarded as 3 points to the first place team and 1 point to the third place team from the different Club.

For regions that host 7 or fewer tournament weeks, regional points are to be accumulated from up to 80 percent of the tournaments regardless of the number of tournaments held per week. For example, if a region has a total of 10 tournaments in the racing year held on 5 tournament weeks, 80 percent of that would equal 8 tournaments. Points towards Regional Championships would count from the best 8 finishes for any given Club against in-region team competition.

When a region hosts events in more than 7 tournament weeks, a Club will earn regional points from up to 80 percent of the tournament weeks in that region based on the Club's best finish from any event to a maximum of 10 tournaments held in separate tournament weeks. In the case where multiple events exist in a tournament week, regional points are still awarded based on in-region placement within each tournament. When regional points are not awarded due to a Club's prior win in the week, the points will not be awarded to teams finishing lower in the tournament. For example, if a Club finishes first on each day, then the fastest time will be used for that Club's regional points but no first place points will be awarded on the second day as the winner has blocked out the win from other Clubs.

(g) In the case of a point tie, the best times from each Club's four (4) best in-region tournament placements will be averaged. For example, if a Club places second in a tournament, but has four other in-region tournament wins, the times from the tournament wins will be used in the average, regardless of how fast a time was run to achieve the second place result. The Club with the lowest average time will be named the Regional Champion. If a tie still exists after the tiebreaker is exhausted, Co-Champions will be named.

(h) If a Club disbands before the end of a racing year, it is not eligible to win a Regional Championship.

Section 8.4 – NAFA® Champions

(a) The NAFA® Champions will be named from among the Regional Champions.

(b) A minimum of six (6) tournaments must be entered, regardless of their location, to qualify for the NAFA® Championship. Of all tournaments entered in any competition year (inside or outside of a team's region), the six (6) fastest times from the Club's best team placements will be averaged. The Club with the lowest average time will be named NAFA® Champions. If a tie exists, Co-Champions will be named.

Section 8.5 – Clyde Moore Memorial Hall of Fame

NAFA® may induct two dogs per year into the Hall of Fame. Using the following criteria, NAFA® members are asked to nominate candidates that they consider deserving of this award using form C.7 or equivalent information.

- (i) Longevity: A dog must have raced in NAFA® sanctioned events for a minimum of four (4) years;
- (ii) Notoriety: How well known is this dog? Nominees should be easily recognizable within their own racing area;
- (iii) Team value: What is the worth of this dog to its team, i.e. untiring start dog, height dog, most consistent dog, fast anchor dog. Although other titles and

achievements may be included in the nomination, each dog will be judged on the above Flyball criteria only.

(iv) Also, in order to be inducted into the Hall of Fame a dog must have 35% or more of the vote returned.

Submit a brief resume of two hundred (200) words or less to include the dog's name, CRN Number, breed, clubs raced with, and the reasons he or she deserves consideration.

Each year all candidates will be judged by NAFA's Board of Directors in order of merit. A list of no more than five (5) finalists will be selected and put to a delegate vote.

Submit nominations to NAFA® no earlier than April 1st and no later than May 31st of each year by mailing to the Hall of Fame Committee at the published NAFA® address.

NAFA® encourages anyone who feels that they have a dog worthy of recognition to keep photographs.

Section 8.6 – Regional MVP Award

(a) This award is given to the canine deemed most valuable in their specific region. Only 1 candidate will be given this award per year, per region.

(b) Nominations must come from a club in the candidate's region using form C.7 or equivalent information. Nominations shall be no more than 200 words, citing the contribution and outstanding qualities that make the candidate deserving of the award. Candidates cannot have previously won the award. Nominations should be sent to the NAFA® mailing address. Submit nominations to NAFA® no earlier than April 1st and no later than May 31st of each year by mailing to the Hall of Fame Committee at the published NAFA® address.

(c) A committee shall be appointed by the Board of Directors, and chaired by a member of the board. This committee will review the nominations and ensure they meet the above nomination criteria. All qualified nominations will be put to ballot vote.

(d) In conjunction with annual delegate voting, voting sheets will go out to delegates with only those candidates in their region. Delegates may vote for only one candidate. All votes must be returned in conjunction with deadlines set forth in the Hall of Fame voting.

(e) The winning candidate will be that candidate that earns the most returned votes from its region. Winners will be announced at the Annual General Meeting.

The Corporation will have no members. All dogs racing in NAFA-sanctioned Flyball competition must be assigned a Competition Racing Number (CRN) and pay such fee as shall be established by the Board of Directors from time to time. The CRN shall be good for the life of the dog and shall be non-transferable to another dog.

ARTICLE IV

BOARD OF DIRECTORS

Section 1. Powers. The business of the Corporation shall be managed by and under the direction of the Board of Directors, which may exercise all powers of the Corporation and do all such lawful acts and things not prohibited by statute or by the Articles of Incorporation or these Bylaws. In addition to the authority conferred by other provisions of the Bylaws, the Board of Directors by majority vote may promulgate such rules, regulations and orders as they deem appropriate to carry out the provisions of the Bylaws or any other laws applicable to the activities of the Corporation.

Section 2. Number. The number of voting members of the Board of Directors shall consist of no less than nine (9) nor more than fifteen (15), unless pursuant to the

Michigan Nonprofit Corporation Act and in accordance with these Bylaws such number is increased by amendment to these Bylaws. In no event, however, shall the number of Directors be less than three and no decrease in the number of Directors shall have the effect of shortening the term of any incumbent Director.

Section 3. Eligibility. Directors shall meet the following eligibility requirements: (i) be an individual who subscribes to the purposes and goals of the Corporation, (ii) receive no compensation or honoraria from the Corporation for their Board duties except reimbursement for reasonable expenses as set forth in corporate policies and procedures, (iii) not related to nor living with another director, and (iv) shall be in good standing with the corporation. Good standing shall be defined as current in all financial obligations to the corporation and not currently under any disciplinary action (probation, suspension, etc.).

Section 4. Election of Directors. Unless expressly provided otherwise in these Bylaws, Directors and the Executive Director shall be elected for a three-year term. Nominations or vacant or vacating positions must be received by the Nominating Committee no later than 11:59 PM Central Daylight Time on July 31. The Nominating Committee shall distribute a slate of candidates for Directors and Executive Director at least 60 days prior to the Annual Meeting pursuant to Section 7 herein. The slate of officers shall appear in the newsletter or be mailed to the registered clubs' delegates separately. The candidate(s) for each office receiving the most eligible votes shall be deemed elected. Ballots will be counted at the Annual meeting by the Election Committee, or by a professional attorney or accountant retained to conduct tabulation of the ballots. Ties shall be decided by preferential balloting. Each elector shall rank their cast votes by first, second, and third choice, etc. In the event of a tie, the person receiving the most first choice votes shall win. In the event a tie still exists, the most second choice votes shall determine the winner and so on.

Section 5. Term of Office. Unless elected to fill a vacancy, each Director shall be elected to a three-year term to commence at the conclusion of the Annual Meeting of the Board of Directors at which their election is confirmed. Terms of office shall be staggered so that approximately one third (1/3) of the board members' terms will expire each year. No member of the Board of Directors may serve for more than two full consecutive terms of office. Newly elected Directors shall commence their term of office at the conclusion of the Board meeting in which they are elected or confirmed, and terms will expire at the end of the Annual Meeting in the third year of the term.

Section 6. Vacancies. Vacancies occurring as a result of the resignation, death or removal of a Director, or the expansion of the size of the Board, may be filled by interim appointment by the Chairperson and ratified by the Board. Any Director who is appointed to fill a vacancy in mid-term shall serve the remaining term of office for the directorship so filled. Any Director who fills a vacated position and serves for two years or greater, shall be considered to have served a full term for purposes of election eligibility.

Section 7. Annual Meeting. An annual meeting shall be held within the period between November first and December fifteenth inclusive at such time and place as shall be determined by the Board of Directors, and designated in a written notice of the

meeting to Board Members and delegates at least thirty (30) days in advance of such meeting. The Executive Director shall preside over the Annual Meeting. In his or her absence, the Chairperson shall preside.

Section 8. Regular Meetings. The Chairperson of the Board may designate a time and specific location for regular meetings of the Board of Directors and deliver a notice to all Board members at least 30 days in advance of such meeting. The Chairperson shall preside over all Regular Meetings of the Board of Directors.

Section 9. Special Meetings. Special meetings of the Board of Directors may be called by the Chairperson of the Board, any two officers, or any three Directors. Such meeting shall be held on such date and at such time and place as shall be designated in the notice of the meeting by the person or persons calling the meeting. Notice of any special meeting shall be given at least 24 hours previous thereto if given either personally (including written notice delivered personally or telephone notice) or by telex, telecopy, telegram or other means of immediate communication, or by written notice mailed or delivered in accordance with Section 11. The Chairperson shall preside over all Special Meetings of the Board of Directors.

Section 10. Attendance. Subject to Section 13, meetings of the Board of Directors shall be open unless otherwise provided by Robert's Rules of Order.

Section 11. Notice: Waiver of Notice. Whenever any notice is required to be given under provisions of the Articles of Incorporation or these Bylaws, unless otherwise specified in these Bylaws, such notice shall be deemed given at the time when the same is personally delivered in writing, but notice shall also be deemed given seven days after it is deposited in registered mail with appropriate postage thereon prepaid, or delivered to a common carrier for overnight or next business day delivery. A waiver of notice in writing, signed by the person or persons entitled to such notice and filed with the records of the meeting, whether before or after the holding thereof, shall be equivalent to the giving of such notice. Presence at any meeting without objection also shall constitute waiver of any required notice. Neither the business to be transacted at, nor the purpose of, any regular meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting. In the case of special meetings, however, the purpose or purposes of the meeting shall be described in the notice.

Section 12. Quorum and Vote at Meetings. At any meeting of the Board of Directors, a majority of the Directors in office shall be necessary to constitute a quorum for the transaction of business. A majority of the votes cast at a meeting of the Board of Directors, duly called and at which a quorum is present, shall be sufficient to take and authorize action upon any matter which may properly come before the meeting, unless the concurrence of a greater proportion is required for such action by statute, the Articles of Incorporation or these Bylaws. If, at any meeting of the Board of Directors, there shall be less than a quorum present, a majority of those present may adjourn the meeting without further notice, until a quorum shall be present. Subsequently, at any adjourned meeting at which a quorum shall become present, any business may then be transacted at the meeting as originally notified.

Section 13. Voting. Unless otherwise restricted by law, the Articles of Incorporation or the Bylaws, any Director of the Corporation may vote in person or by proxy executed in writing by the Director. At all meetings of the Board of Directors where a quorum is present, all issues shall be resolved by a majority vote of the Directors present in person or represented by proxy, unless otherwise required by law, the Articles of Incorporation or the Bylaws.

Section 14. Executive Session. The Board of Directors may adjourn to executive session at any time it feels at its discretion that it is necessary or appropriate for the benefit of the organization. At the direction of the Chairperson of the Board, or upon the request of any two Directors, a matter shall be discussed in executive session. Executive session shall be restricted to members of the Board of Directors, the Executive Director and any other such persons invited by the Chairperson. If any Board member violates any aspect of Executive Session, that said member may be subject to removal from the board.

Section 15. Telephone Meetings. Members of the Board of Directors or any committee designated by the Board may participate in a meeting of such Board or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Participation in a meeting pursuant to this Section shall constitute presence in person at such meetings and a waiver of notice of the meeting.

Section 16. Action by Unanimous Consent. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if a written consent, setting forth the action so taken, is signed by all the members of the Board of Directors or the committee, as the case may be, and such written consent shall have the same force and effect as a unanimous vote at a meeting of the Board of Directors or the committee.

Section 17. Resignation and Removal of Directors. Any director may resign at any time. Such resignation shall be made in writing and shall take effect at the time specified therein or, if no time is specified, at the time of its receipt by the Chairperson or Secretary. Directors may be removed for two or more unexcused absences from meeting during a term. Directors may be removed at any meeting of the Board of Directors duly called and at which a quorum is present, by the affirmative vote of two-thirds of the Directors then in office.

Section 18. Compensation and Reimbursement. No member of the Board of Directors shall receive compensation for their Board duties except reimbursement for reasonable expenses by the Board as set forth by corporate policies and procedures.

Section 19. Minutes. The Board of Directors shall keep minutes of all meetings of the Board of Directors and the proceedings thereof. The Board of Directors shall take appropriate action to cause the approved minutes of such meetings to be delivered upon receipt of written request for such minutes to the Secretary.

Section 20. Conduct of Meetings. Meetings will be run according to *Robert's Rules of Order*. If the meeting is being tape recorded, speakers shall state their names

before addressing the Chairperson. There shall be a policy of no smoking during all meetings.

Section 5. Quorum. A majority of the members of a committee shall constitute a quorum for the transaction of business at any meeting thereof. The vote of a majority of the members of a committee present at a meeting at which a quorum is present shall constitute action of the committee.

Introduction

The NAFA® Rules of Racing (RR) and Corporate Policies & Procedures (CPP) Manuals are designed to ensure fair and equal treatment for all competitors. As a NAFA® judge, you are authorized to enforce and uphold the rules within the NAFA® rulebook. As a representative of NAFA®, you are required to represent NAFA® in a positive manner while discharging your duties. Being friendly, courteous, diplomatic, fair and impartial are all required qualities necessary to represent NAFA®.

The Manual outlines numerous rules and policies that NAFA® judges need to ensure are adhered to, but there are two basic premises that all judges should keep in mind at all times:

- II. The safety and well being of the dogs and exhibitors shall be foremost.

- A judge should refrain from engaging in heated debates with disgruntled exhibitors. At no time during a judging assignment, should a judge lose his or her temper with an exhibitor or use foul language with anyone.

C.13 NAFA World Record Report Form Instructions

What to do when a possible world record has been achieved:

1. Racing should be stopped immediately.
2. The Head Judge should notify the Regional Director of the possible world record. At that time if they have any questions on how to proceed, or during the time of recording the information and verification, they should be directed to the Regional Director.
3. The world record form should be pulled from the rules of racing and the general information at the top should be filled out in prior to proceeding to the checklist portion.

Checklist portion:

1. Course, height dog, box verification and ball:
 - A. Measuring the course:
 1. If you need assistance to do the measuring it is recommended that you have the Regional Director or Tournament Director help.
 2. All measurements must meet NAFA measurement tolerances using a single, continuous tape.
 3. All jumps should be measured for height and be within 1/4".
 4. Jump placement must be within 2" of the jump-set line.
 - B. Verify the height dog measurement:
 1. Refer to the height dog measurement sheet.
 - a. If the dog has a height card, which can be presented to the judge for verification, no action is necessary.
 - b. If the dog was measured prior to racing, no action is necessary.
 - c. If the dog was not measured prior to racing, it is mandatory that it be measured at this time.
 - C. Check the flyball box:
 1. Dimensions must meet NAFA standards. It must be measured at this time, unless it was previously measured at the tournament.
 2. Throw of all holes using all sizes of balls used must be checked.
 3. The placement of the box should be at least 51' from the start finish line.

If all of the above requirements are met, the Head Judge should sign and date the world record form. It should be given to the team captain so that they can submit it along with a copy of the video to the Board of Directors.

2. Video tape verification:
 - A. To be considered for a world record an unedited videotape is mandatory.
 - B. The video must be stationery and in line with the start finish line, with a clear view of the sensor panels, and the light tree.
 - C. All passes / exchanges must be clean to qualify for a world record.
 - D. The electronic judging system must not show any errors or faults.
 - E. All dogs must carry their ball over the finish line.
 - F. The heat should be timed with a stopwatch when the video is reviewed. The hand timing is to confirm that the tape is of the actual run in question.

*Special notes

- If two neutral members of the Board of Directors are present at the tournament, the video may be reviewed at that time.
- It may be necessary to view the tape at a later time due to poor tape or lighting quality and or the size of the screen available to view the tape on.
- The run in question must meet all of the above criteria or it cannot be considered for world record status.

If all of the above requirements are met, both members of the Board of Directors should sign and date the world record form. A copy of the world record form must be submitted to the Executive Director within fourteen days in order to record the new record.

3. If there are not two neutral members of the Board of Directors available at the tournament:
 - A. The original or a copy of the video will be forwarded to the Executive Director to coordinate the review process.
